

Bird register

One line per bird. Band number is the key the other pages refer to.

Aviary / year: _____

Breeding pairs

Give each pair a short ID (P1, P2...) and use it on the clutch and chick logs.

Aviary / year: _____

Pair ID	Cock Band	Hen Band	Species	Date Paired	Cage/Aviary	Pair Status Active / Resting / Split up	Expected Offspring	Notes

Clutch log

One line per clutch. Hatch due = first egg date + incubation days (budgie 18, cockatiel 18-21, lovebird 22-24, canary 13-14).

Aviary / year: _____

Chick log

From hatch to banding to weaning. Once banded, enter the chick in the bird register.

Aviary / year: _____

Band Number	Pair ID	Clutch #	Hatch Date	Banded Date	Weaned Date	Sex Male / Female / Unknown	Color/Mutation	Outcome Growing / Kept / For sale / Sold ...	Notes
